**TIP TOW 10** 5.70 x 8

**BEARINGS IN TOW WHEEL** high speed, tapered cone bearings

### Shipping Weights

**TIP TOW II** 307 Lbs.

**TIP TOW 10** 365 Lbs.

**TIP TOW 3000** 530 Lbs

**SHOP LIFTS** Approx. 40 pounds less than the comparable towable model.

#### Coupler on all models

Standard-Fulton for 2" and 2-1/8" ball.

Optional - Croft cast steel for 2" and 2-1/8" ball.

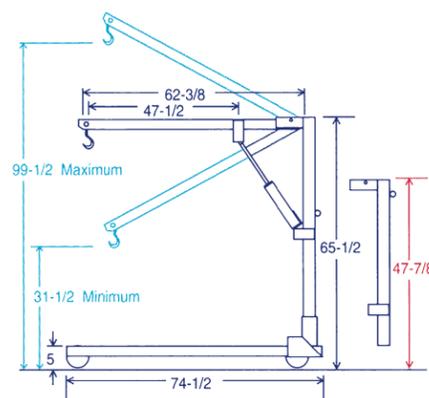

The hooks on the booms are grab hooks so the chain may be adjusted to any height.

The boom chains are long to hook into the base when towing to prevent the lift from "jack-knifing."

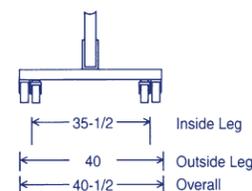

Shop Lifts have identical dimensions and specifications except they do not have towing wheels, spindles and coupler.

## KAYDEE MODELS

**KAYDEE 1200**

	Capacity	Ship Weight	Ship Carton
<b>KAYDEE 1200</b>	1200 Lbs.	294 Lbs.	9" x 20" x 76"
<b>KAYDEE 1500</b>	1500 Lbs.	279 Lbs.	9" x 20" x 72"

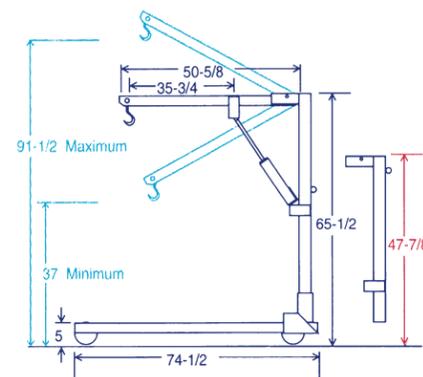

Kaydee Lifts use a swivel slip hook at the end of the boom.

Engine Sling - adjustable, plated proof coil chain. Capacity 1250 lbs.

Short Column Post converts any standard Kaydee Lift to a Van Lift.
