

Standard Bottle Jacks 3, 5, & 8 Ton Capacity

Intended Use: Heavy-duty, professional quality, 100% USA made hydraulic bottle/ hand jacks built for service under constant use and durable enough to last a lifetime. For vehicles of all types and sizes, heavy-duty trucks, military and defense vehicles (FMTV, LMTV, etc.), farm equipment, building construction, emergency vehicles, and/ or in conjunction with original equipment manufacturers of various products.

Features:

- Heavy-duty 65-45-12 ductile iron castings for both the base and head cap of each model.
- Steel ram & pump piston are finished with black nitride to prevent and protect against rust.
- Machined base castings have smooth surfaces and tight tolerances to increase longevity.
- Large base provides wide stance and positive load support.
- 50% safety overload factor per ASME/ PASE hydraulic bottle jack standards.
- Safety fluid bypass system prevents the user from overloading/ damaging the jack so it cannot be used beyond the ASME/ PASE load-limiting standard.
- Ram stop ring prevents ram from being overextended.
- Two (2) piece (21" Long) zinc plated handle set.

Capacity (TONS)	Model Number	A	B	C	D	E	F	Ship Wgt.	Repair Kit	Base L	Size W
3	D-51122	8-1/2"	15-1/8"	17-3/8"	6-5/8"	2-1/4"	7/8"	11 lbs.	5-577	4-7/16"	5-7/8"
5	D-51123	8-3/4"	14-5/8"	17-5/8"	5-7/8"	3"	1-3/16"	15 lbs.	5-578	6-1/4"	4-11/16"
8	D-51124	9-1/8"	15-1/8"	19-1/2"	6"	4-3/8"	1-3/8"	17 lbs.	5-579	6-1/2"	5-1/4"
